## NEED CARPET, VINYL OR WOOD FLOOR? CALL SIMON CROFT AT CROFT CARPETS!

"I wanted new carpets throughout my flat but I'm elderly so I couldn't move the furniture. Simon and his fitters were all lovely and cleared the rooms for me.

Simon personally called me afterwards to check everything was ok. I've never been happier, very good prices and such an obliging and helpful man."

## Moving On

Changing residence, school and associated social patterns all rank high amongst the 43 events that have been acknowledged to cause significant stress since the Social Readjustment Rating Scale was first compiled. If these changes raised anxiety levels in 1967, think how much more stressful they must be today, 34 years later. This booklet is designed to alleviate some of that worry by providing an easy reference to local products and services. As well as the things you cannot do without, there are optional choices that simply make life more pleasant and easier.

It may seem obvious, but....

**Have you organised a plumber?**

However willing, your Removals Company may  
be, its personnel do not come qualified to  
reconnect your washing machine/dishwasher  
etc.

**Have you organised an electrician?**

However willing your Removals Company may  
be, its personnel are not qualified to carry out  
electrical works. Please note that certain works  
may need to be certified.

**Have you organised appropriate  
technicians?**

However willing your Removals Company may  
be, its personnel are not qualified to carry out  
tuning and installation of televisions and other  
electronic equipment.

**Have you thought about a cleaning  
service?**

The cleanest homes look less than pristine  
when all the furniture has been moved out and  
every scuff or mark is exposed to view. A  
professional cleaning service transforms the  
impression you leave behind.
